(b) No, Sir.

(c) Does not arise.

(d) Rural drinking water supply and sanitation are State subjects. The Central Government, through the Rajiv Gandhi National Drinking Water Mission/Department of Drinking Water Supply, supplements the efforts of State Governments by rendering financial and technical assistance under two Centrally sponsored Schemes, *viz.* Accelerated Rural Water Supply Programme (ARWSP) and Central Rural Sanitation Programme, now restructured as Total Sanitation Campaign (TSC). Upto 20% of the annual ARWSP allocation is earmarked for Swajaldhara projects seeking to institutionalize community participation in rural water supply programme. State Governments are empowered to plan, sanction and implement rural water supply projects from the funds provided under ARWSP (normal) with prescribed share from State Governments. The details of projects undertaken from ARWSP (normal) funds are not maintained at the Central level. However, as reported by the State Government the district-wise list of projects taken up under ARWSP during the last one and half years is at statement-I. (*See* below) The proposals under the Swajaldhara are approved by the District Water and Sanitation Committee (DWSC)/ State Water and Sanitation Mission (SWSM) constituted by State Governments. The details of proposals cleared by the DWSC/SWSM in the States are not maintained at the Central level. Under TSC, projects are sanctioned by National Scheme Selection Committee at the Centre and implemented by the district and block implementing agencies in the State.

The State Government has undertaken 598 projects in 21 districts under Swajaldhara Scheme during 2004-05 and till date. Under TSC, projects have been sanctioned in 22 districts of Andhra Pradesh. Details of projects under Swajaldhara and TSC are annexed at Statement-II.
